

Senior Resource ASSOCIATION

Promoting Independence in our Community

Community Coach Driver

About the Organization

Senior Resource Association (SRA) is a 501 (c)(3) non-profit organization that provides services to support and advocate for independence and dignity of older adults throughout Indian River County. Our organization was established in 1974 to promote an active, healthy, and independent lifestyle for older adults through a variety of client-centered programs and services. We provide nourishment, supervised socialization, transportation and information referral services for seniors and their families. Our goal is to keep seniors healthy and in their own homes for as long as safely possible. In addition, SRA is the county-designated public transportation provider. Our fixed route buses provide service along 15 routes throughout Indian River County, and part of St. Lucie County. Our demand-response service picks up the elderly and disabled at their specified origination point and takes them where they need to go in the community. For more details, visit www.SeniorResourceAssociation.org.
